MONTANA KAIMIN

STUDENTS TO VOTE ON SELF-GOVERNMENT

LARGEST CLASS IN HISTORY TO GET DIPLOMAS IN JUNE

165 Men and Women Will Graduate Next Month; Bus. Ads Lead

Submission of recommendations by the committee on admission and registration has been made to the faculty, asking that 165 seniors be granted degrees and certificates to teach. They must complete the requirements or their respective degrees and certificates in accordance with the faculty rules.

The School of Business Administration leads the list with 23 candidates and the English department is second with 16.

For the degree of Bachelor of Arts: Biology: Custer, Elizabeth Hope; Jones, Zoe H.; Hammerstrom, Helen; Jourdonais, Leonard E.; Kilroy, Elizabeth Frances; Meagher, Angus; Campbell, Moore; Marjorie Laura; Tatten, Eloise J.; Reynolds, Catherine A.; Stockton, Ella Cecelia; Weatherill, Doris L.

Botany: MacLay, Anne M.

Chemistry: Beaman, Clarence William; Boucher, Harry; Warden, Lawrence.

Economics: Axtell, George T.; Berg, Albert Norman; Dixon, Dorothy; Worden, Flightner, J. K.; Mather, Lloyd; Greenfield, Maudlin, Warren C.; Parks, Ross Vernon; Ramsey, H. Darrell; Walsh, John Joseph.

Education: Gray, Howard Aaron; Happer, Leora M.; McMullin, Glen Nyeth; Skarda, Emil; Southwick, Ida M.

English: Akin, Dorothy; Bickel, Doran J.; Boren, Ruth Beatrice; Dall, Dorothy W.; Getty, Agnes Keenle; Keeton, Iro Millicent; McDowell, Elsie A.; Newton, Anna Imogene; O'Leary, Olivia M.; Orr, Margaret Gordon; Reynolds, Sara Jane; Reach, Katherine; Rowse, Doris; Sharp, Mattie Grace; Shriver, Clara Dell; Whitman, Miriam Catherine.

Fine Arts: Clark, Dorothy Evelyn; Haviland, Jean Delphine; Kirkwood, Mary Bernette; Miller, Doris E.; Wills, Lauretta Montana.

French: Fritz, Elizabeth G.; Larson, Alva Gertrude.

Geology: Graham, George Julian; Waldo, Cullen E.

History and Political Science: Burdick, Arline Gretchen; Garrison, Dorothy; Hauck, Dora Marguerite.

COMPANY ANNOUNCES PRICE-PLAN CONTEST

Prize for Solution of Price-Cutting Problem Offered College Students

Students and instructors of economics will perhaps be interested in the announcement of a \$1,000 prize contest, offered by the Lehn and Fink Products company, through its president, Mr. Edward Plant, for the best solution offered for the price-cutting problem.

The prize-winning "price peace plan" must outline definite policies for the retailer, the jobber, the manufacturer, the chain store and the department store, as well as containing considerations of the "free goods" and "hidden discount" problems. The practicality and legality of the plans, under existing laws or the desirable modification of them, will be the chief criterion on which the judges will base their decision. No limit to the length or number of plans a contestant may send in has been set, but not more than one award will be made to the same person. The contest will close November 1.

Senator Capper Chairman

Senator Arthur Capper, of Kansas, will serve as chairman of the jury of awards. Associated with him on the jury are Mrs. J. Borden Harriman, chairman of the National Consumers League; Dr. Melvin T. Copeland, Harvard School of Business Administration; Nelson B. Gaskill, former Federal Trade Commissioner; G. Barrett Moyley, former president of the National Association of Wholesale Druggists; A. W. Shaw, publisher of "System"; Frank L. Stone, president National Association of Retail Druggists; and Herbert J. Tilly, president National Retail Dry Goods Association.

This contest is being carried out in Colleges and Universities all over the country. Lehn and Fink, who are sponsoring the contest, control Lysol, Pebecco tooth paste and Hinds Honey and Almond Cream also. Details of the prize contest can be secured at the Kaimin office.

Carl McFarland Wins Bennett Essay Award; Also Won Last Year

Carl McFarland of Great Falls won the Bennett Essay contest with his paper on "The Influence of Common Law on the Modern Trust Legislation in the United States."

The thesis of the essay was "The common law principle of restraint of trade originating in the conditions differing widely from today, has been re-invoked by the highest tribunals of the United States in their interpretations of modern anti-trust legislation of congress." McFarland divided his manuscript into four parts: the sources of common law principles bearing on restraint of trade and their application by the United States previous to the modern anti-trust legislation; the history of conditions of business organizations in the United States and anti-trust legislation; a review of the leading cases touching upon application of the common law principle of restraint of trade to anti-trust legislation of congress; and a summary of influence of the common law upon the anti-trust legislation with an examination as to the benefits derived.

"McFarland's essay was especially well prepared and deserving of recognition. He won the award of \$25 last year on the 'Influence of the Supreme Court on the Constitution,'" said Paul C. Phillips, professor of history, who is in charge of the contest.

ANNOUNCEMENTS FOR SENIORS NOW READY

"Senior announcements have been received and are ready for distribution at Peterson's Drug store," according to Katherine Roach, chairman of the committee.

The duplicate receipts must be presented before the announcements will be given out. Five dozen extra announcements were sent for those who neglected to order at the scheduled time. Everyone is urged to get their announcements right away.

FORESTERS ARE WINNERS IN OPENING CONTEST OF INTRA-MURAL BASEBALL

Foresters and Business Administration baseball teams played their first game in the Intra-mural league Friday morning, the former winning by a 6-5 score.

"Chic" Gannon, a member of the Varsity squad, hurled for the Biz Ads, and Caswell, a member of the Fresh team, pitched for the lumber jacks.

The Foresters by winning this game advanced to the top of the ladder, since their first game with the Law school was forfeited as the latter failed to enter a team. Foresters 6; Business Administration 5. The Journalism-Arts and Science game that was scheduled for Saturday afternoon was postponed until Tuesday at 4 o'clock. The winner of this game will play the Foresters at 6:45 Wednesday evening to determine the championship.

L. W. TAYLOR SPEAKS TO STUDENTS ABOUT INDIA

L. W. Taylor, travelling secretary of the Student Volunteer movement, has been on the campus for the past few days. While here he spoke to the Methodist Bible class Saturday night, and preached in the Presbyterian church Sunday morning. Sunday afternoon he talked to the student group at the home of William L. Young. Sunday night he preached in the Baptist church. Monday morning he talked to the class in religion on the caste in India, and the afternoon he devoted to student conferences. He left Monday night to go to Intermountain college at Helena.

WOMEN RECEIVE FEWER YELLOW SLIPS THAN MEN

Yellow slips to the number of 169 were sent out from the Registrar's office last week. Fifty-three women received 67 notices and 71 men received 102 yellow slips. These notices of poor work are sent out about the middle of each quarter.

The total number of yellow slips sent out this quarter is lower than the number sent out during the winter quarter, when 227 slips were sent to 178 students.

EDITOR TO DISTRIBUTE YEAR BOOKS THURSDAY

This year's Sentinels may be secured at the business office Thursday and Friday mornings, beginning at 9 o'clock, according to Bob Warden, editor. Arrangements are all complete, and it is hoped to get them distributed in record time. Those who have missed one or more quarters, will be charged at the rate of \$1 for each quarter they have missed. Students may get extra copies of the book for \$3, and outsiders for \$3.50.

Delay in distribution was occasioned by supplying the high schools with their copies in advance of the usual time.

KUOM TO CONSTRUCT PORTABLE AMPLIFIER

In view of the recent success with the KUOM public address system at the Interscholastic track meet, plans for the construction of a portable system are under consideration at the present time, according to G. D. Shallenberger, director of the station.

In the system used during the meet, it was found necessary to use the transmitting tubes of the radio station. This scheme, while furnishing all the volume and tone quality desirable, was not the best possible, due to the fact that the apparatus could not be carried about. The current lines had to run from the microphone stand on the field to the radio station and then back again. The advantage of a system with a more compact set of apparatus are thus readily seen, in the opinion of the director.

The new set would consist of a direct current generator which could be operated from the ordinary power line supply with an output of 1,500 volts, and an amplifier using 50 watt power tubes to modulate and amplify the voice. This apparatus could be placed in a car and taken to any point desired, there to serve in the same capacity as the present system. This feature would permit of a wider range of service than is now possible with the fixed apparatus.

If the construction of the set is practical, work will be undertaken during the summer months.

SMITH PRESENTS ROTC AWARDS TO CONTEST WINNERS

Robert Alling, Edward Koch and Richard Davis were awarded the prizes of the several rifle matches held during the year for the ROTC corps at the review of the regiment held on Dornblaser field as part of the track meet program. Major George L. Smith, in command of the ROTC, presented the trophies.

Koch was awarded the Missoula Mercantile cup, first medal in the Dixon Trophy and first medal in the 9th Corps Area shoot. Alling won the third place medal in the 9th Corp Area shoot and the Dixon Trophy. Davis won fourth place in the 9th Corp Area meet.

The Missoula Mercantile award consists of a silver cup and must be won three times by one man before it comes permanently into his possession. In the 9th Corps Area the prizes are gold medal for first, silver medal for second and bronze medals for third, fourth and fifth. In the Dixon Trophy event the awards are the same as these, except that only three places are recognized. The medals are given each year in the two events.

PAT KEELEY WILL LEAD SOS AT COMMENCEMENT

Pat Keeley, '22, has notified the commencement committee that he will accept their invitation to lead the Singing-on-the-Steps at commencement.

Pat Keeley received his L. B. from the Law School in 1922. He is county attorney in Powell county at Deer Lodge. He is a member of Silent Sentinel, a letter man in football and was president of the Law School Association. He is also a member of Phi Delta Phi, national legal fraternity. He is remembered by many students for his work as Yell King.

Geology Department Receives Shipment of Rock Specimens

Five hundred new specimens of rock, collected from almost every part of the world, were received in a shipment yesterday by the Geology department. They will be used by the class in petrology.

The rocks constitute a wonderful collection, according to Dr. J. P. Rowe, head of the department, and are a much needed addition to the old collection, which was purchased a number of years ago. The old set will be used in laboratory work for experiments. The entire set is of uniform size and will be indexed and placed in cabinets in the geology laboratory. Dr. Rowe states that the collection was assembled by Ward's Natural Science establishment of Rochester, New York, from whom the department bought the collection.

Last fall a collection of minerals was purchased and put in the laboratory of the department, but this is the first new set of rocks added in several years. Previously the old collection has been replaced by individual specimens.

COPENHAVER TO LEAD BIG SISTER CAMPAIGN

Roxie Copenhaver of Carrington, North Dakota, was elected chairman of the Big Sister movement at a meeting of the executive board of AWS Monday in Main hall.

This organization functions in the fall as an aid to assist freshmen in registration and to create friendliness among the students. There will be a meeting soon for all girls desiring to serve as big sisters next year.

It was announced that formal installation of the YWCA officers would take place Wednesday at 4 o'clock in Main hall. Petitions for swimming meet manager were called for, the election to occur Tuesday at a meeting in the women's gymnasium at 5 o'clock.

DR. CLAPP WILL DELIVER BACCALAUREATE SERMON IN MEN'S GYMNASIUM

Dr. C. H. Clapp will deliver the baccalaureate sermon at 8 o'clock, Sunday, June 13. It will be held in the men's gymnasium for the first time in the history of the school. It has been the custom in the past to hold the baccalaureate services in one of the Missoula churches.

Music for the occasion will be furnished by the University Vesper Choir, under the direction of DeLoss Smith, and the University Symphony Orchestra, lead by A. H. Weisberg. The University choir is a new organization consisting of 40 mixed voices, with Mrs. DeLoss Smith as accompanist. The symphony orchestra has 30 members and has made two appearances this year.

MISSOULA GIRL WINS PRIZE GIVEN BY PI MU EPSILON

Pi Mu Epsilon, national mathematics fraternity, awarded a prize book entitled "A History of Mathematics," by Cajori, to Elizabeth Flood, Missoula, as a reward for her ability in mathematics. This means of recognition was started this year and will continue as an alternate with the Duniway cup, which is given every other year in each department. Esther Mohrreier, Fairview, who graduated last year, won the latter prize.

"The book is awarded to anyone in the mathematics department upon their general excellence shown in the subject," said Professor N. J. Lennes, who has just ordered the book for the fraternity.

RIEDEL MUCH BETTER

"Professor Riedell is so much better that we feel very encouraged," said Dr. J. P. Ritchey, who has been attending him since his illness several weeks ago.

"Although the infection is not entirely gone, Professor Riedell has very little fever. He is slowly regaining his strength, but it will be a number of days before he will be able to have company."

Seymore Gorsline, '20, is with the Associated Press in Los Angeles. Until a couple months ago he was on the Los Angeles Herald.

EXAMINATIONS COMMITTEE MAKES RECOMMENDATIONS

KIRKWOOD RECEIVES SPECIMENS OF CACTI

Former Montanan Sends Plants From Arizona and Mexico to Professor

Professor J. E. Kirkwood has received a collection of cacti which are native to southern Arizona and Mexico, and the region around the Gulf of California. The specimens were sent to him by D. P. Lucas of Ajo, Arizona, who is superintendent of schools at that place. Mr. Lucas was formerly principal of the Central school in Missoula and a former student at Montana. The Gila monster which Mr. Lucas recently sent Mr. Kirkwood is a native of the same sections of the country from which the cacti come.

Many Plants Sent

Among the specimens received are the cholla, a tree cactus which grows to a height of 10 feet; the prickly pear; the hedgehog cactus, which grows in large bunches; Mammillaria, a pin cushion cactus and the Crucifixion thorn. There is also a specimen of the giant cactus which grows to a height of 50 or 60 feet, with a diameter of two feet. The natives use the fruit of this plant which is something like a plum with a soft, seeded pulp.

In the collection is also a barrel cactus, from which cactus candy is produced. This plant is called a desert fountain, for the pulp of a large one when pounded up sometimes yields a quart of water. There is also a specimen of the Oregon cacti from Mexico. This plant is cylindrical and grows in bunches, resembling the pipes of an organ. There were also some specimens of desert woods in the collection.

GLEE CLUBS TO MEET

Next Tuesday night a rehearsal of the musical program for commencement by the men's and women's Glee clubs, working in combination, will be held at DeLoss Smith's studio at 7:15.

SWEET AND GILLETTE BREAK THREE CONFERENCE RECORDS

Montana Runners Tie for Fourth Place at Pacific Coast Meet

Montana scored her greatest athletic victory last Saturday when Russell Sweet and Arnold Gillette won three first places in the Pacific Coast conference track meet which gave the Grizzlies fourth honors. The meet was won by Stanford with 49 1-2 points, while U.S.C. placed second with 41 and California third with 27 points. Washington won fifth place with 14 points, and W.S.C. sixth with 9 5-6 points. O.A.C. was seventh with 5 points, while Oregon trailed with 3 1-3 points.

Set Three New Records

Not only did Sweet and Gillette win but they set new records, Sweet running the century in 9 7-10 seconds while Gillette did the mile in 4 minutes 21 7-10 seconds, and two hours later beat Johnny Divine, W.S.C. intercollegiate two-mile champion. Gillette's time in the two-mile was 9 minutes 30 4-10 seconds. Sweet was carried from the track when he pulled a tendon in the 220-yard dash. Had he been able to finish this race Montana's total would have been boosted to 20 points as the Miles City flash ruled favorite over such sprinters as Barber, California, and Clarke,

Proposed System to Be Voted Upon by Student Body May 27 and 28

Final examinations in June, 1926, will be conducted in the same manner as the March examinations, with each student acting as a proctor, but with this exception, that there will be no specially appointed proctors, according to the recommendations of the joint committee of examinations.

As formerly, there will be a student committee of five appointed by the joint committee with the power to pass upon the guilt or innocence of persons accused of cheating and to fix the penalty. A student found guilty will have the right to appeal to this committee, and they can review the case, affirming, mitigating or adjudging the accused as "Not Guilty."

Faculty and Student Committees

This joint committee on examinations will consist of five faculty members to be appointed by the president of the University of Montana, and of five students chosen by the president of ASUM, subject to the approval of the Central board. They will act as a functioning committee with the duty of working out the alterations of this system and such extensions of it to other matters concerning the honor of the students as they may appear wise, and of submitting the same to the faculty and the student body for approval or rejection.

The above recommendations were accepted by the faculty on the provision that a majority of all students in actual attendance vote to assume the obligations inherent in the proposal, viz: (1) neither give nor receive aid and (2) to report acts of infringement of these obligations by other students.

To Vote By Ballot

Ballots have been prepared and the vote is scheduled for May 27 and 28, to take place in Main hall and the Library building.

The matter has been turned completely over to the students as a step forward in regard to student government. As stated by a member of the faculty, they are not urging the adoption of this system, but will be satisfied if a majority vote in favor and show their desire to put it into working order and assume the obligations.

ANNUAL HIGH SCHOOL MEET CLOSURES WITH PRIZE AWARDS

Masquers Play Presentation Greeted With Applause of Large Crowd

With the awarding of the team trophies and individual medals and the presentation of a Masquers' play in the Missoula high school auditorium Friday evening, Montana's twenty-third annual Interscholastic was brought officially to a close. A packed auditorium and frequent applause and cheers greeted both the appearance of the meet winners and that of the actors.

Crowd Full of Pep

Before the opening of the evening's program, various school yells and subsequent applause filled the school building. Especially outstanding was the cheering for Missoula, Great Falls, Butte and Central high schools. These yells were repeated at intervals during the entertainment which followed. The first three scenes of Moliere's comedy, "The Learned Ladies," which opened the program, were followed by the presentation of the team trophies by Dr. C. H. Clapp, president of the University, assisted by Dr. M. J. Elrod, professor of biology. After two more scenes of the play, the awarding of individual medals closed the evening, and the meet.

Dr. Clapp made little comment at

the presentation, except to say that there has never been any meet quite so successful as this in the years he has been at the State University. A souvenir cup, offered by the University, was the first to be presented. It was given temporarily to the Butte high school, winner of first place in the 1926 final debate contest, to be held by that school until the next regular contest, when it will go to the school winning the state championship at that time. Any school winning the cup three times shall become the permanent owner.

Teams Awarded Trophies

The other trophies went as follows: The Missoula cup, given by the Missoula Mercantile company, was temporarily awarded to Missoula high school for winning the meet. It will go in 1929 to the school which has won the greatest number of points in athletics in five meets. The Montana cup, given by the University, went permanently to Missoula for winning the 1925 meet. The Donohue Relay trophy, given by the D. J. Donohue company, was presented temporarily to Great Falls, winner of the relay race. This too will go permanently in 1929, to the school which has won the greatest number of points in five meets. The State University relay cup was awarded permanently to Great Falls high school. The Ki-

(Continued on Page 4)

Washington, who placed first and second.

Gillette Wins Honors

Gillette tied for individual honors with Bud Houser, U.S.C. captain, each scoring 10 points. When the Grizzly runner broke the tape at the finish of the two-mile he received a thunderous applause and the names of the two Montana men were on the lips of all in attendance during the entire afternoon. Had Sweet and Gillette been running on Dornblaser field they would not have been given greater ovations.

Sweet in breaking the 100-yard dash record lowered a mark of six years' standing. He beat Captain Phil Barber, California, who earlier in the season had been clocked in 9 5-10 seconds. In the mile run Gillette took the lead in the third lap, passing Schwobeda, California, and from then on the other contestants had no chance of beating the Grizzly. While in the two-mile run Gillette, running this race for the first time in college competition, permitted Divine to set the pace. He passed the intercollegiate champion in the seventh lap and finished 50 yards ahead of the field.

Summaries

Mile run—Won by Gillette, Montana; second, Clayton, O.A.C.; third, Schwobeda, California; fourth, Wil-

Sweet and Gillette

"COME on Montana!" was about all you could hear in the big stadium at Palo Alto last Thursday and Friday. More than 18,000 enthusiastic California rooters gasped in amazement when Russell Sweet, famous Montana dash artist, broke the tape two yards ahead of Phil Barber, famed California star, to set a new conference record of nine and seven-tenths seconds in the 100-yard dash. Sweet was expected to have tough competition in this event as the California star had been clocked at nine and five-tenths seconds in a former meet. This, however, did not hinder Sweet, as he got away with a beautiful start and led the field all of the way.

But Sweet was not the only man to feature Montana's appearance in her second Pacific Coast conference meet. Arnold Gillette, running as he never has run before, clipped more than two seconds from the mile in one of the feature events in the first day of the meet. From then on all eyes were turned on Montana, people wondering what would happen next. Two hours later Gillette, running the two-mile race for the first time in collegiate competition, not only placed first but cut the conference record seven seconds.

It was a great meet for Montana, who finished fourth, and had Sweet not been injured while running in the 220-yard dash, no doubt Montana would have carried away more honors, and possibly another record. Montana made 15 points in the meet, taking three firsts, in each case setting new conference records.

The University of Montana is justly proud of these two athletes, who have put Montana to the fore in the Pacific Coast conference and in the northwest.

Next month the big National track and field meet will be held on Stagg field in Chicago. Montana will no doubt send Sweet and Gillette to this meet again this year. Last year it will be remembered that Sweet took second in the United States in the 100 and 220, being beaten by inches in the 100 by De Hart Hubbard, noted Michigan colored star. In the 220-yard dash Sweet was nosed out of first place by Gray, of Butler. Gillette placed third in the mile run at the big national gathering, passing 13 of the fastest milers in the country on his last lap around the track. Montana, with only two men entered, placed fourth in a field of more than 300 collegiate stars from all parts of the country.

This year should see Montana again come to the front at the national meet. Sweet will have keen competition and so

will Gillette, but judging from the way in which the Grizzly stars came out from under the fire down in Sunny California, they will have little to worry about at the big meet.

A Case Where the Middle Ground Is Sparse

IN the quarterly exams last March the first visible trace of student government in the conduct of examinations made its appearance on the Montana campus. At the instigation of President Clapp and as a sequel to the general misunderstanding which arose over the Hi-Jinx controversy, a joint committee composed of faculty and student members was appointed to probe the prevailing examination system and make whatever recommendations it saw fit to the faculty and student body. The result was a temporary centralized student proctor plan evolved an emergency measure to tide over the winter quarter quizzes. In spite of the fact that the system was makeshift, in organization, it worked with surprising efficiency, fulfilling the expectations of its most ardent proponents and meeting with the approval of a decidedly skeptical faculty. With more than a hundred specially appointed proctors serving through the examination not a single case of cribbing was reported to the disciplinary committee—a remarkable proof in itself of the generally prevalent desire for self-government.

Recognizing that the proctor system was inherently weak in that it admitted of criticism and offered difficulties through its dependence upon a comparatively small number of students and anxious to take a significant step forward in its final recommendations, the committee began work on a permanent plan, which was designed to place even greater responsibility upon the student body. With the satisfaction and encouragement gleaned from the determination with which the students undertook the task of conducting the spring quarter quizzes the committee recommended to the faculty that the same general plan be followed in the June examinations, with the vital exception that no special proctors should serve. Out of an indignation meeting, which in itself reflected no credit upon the student body, a student self-governing system was evolved. The faculty wrinkled its brow, shook its head and proceeded to give the plan an academic shaking up. Several important amendments were tacked on to the recommendations before they were referred back to their source with an official stamp of approval. The committee objected to the changes, which were concerned entirely with the manner in which the plan should be presented for vote, and returned the proposal to the faculty after accepting one of the important alterations suggested.

As a result of the favorable action taken by members of the faculty in meeting yesterday, the fate of the plan rests entirely with the student body. Are students at Montana willing to accept the responsibilities co-existent with a system which would place the administration of quarterly quizzes in their own hands, or are they going to be content with slipping back into the rut of faculty proctored examinations? There can be no middle ground. Either the plan must be accepted as presented, entailing as it does a majority vote of all registered students, or President Clapp will be obliged to revert back to faculty supervision. The question will be answered yes or no May 27 and 28, when the plan, carrying an explanation of the responsibilities involved, is submitted to the student body.

Muscle Bound

He who sleeps feels not the toothache.—Shakespeare.

Perseverance is merely keeping on doing what you decided to do even after you decide maybe you shouldn't.

You're getting old when you get so round-shouldered you can't do the square dance any longer.

FREE FACTS FOR FROSH

Only a small per cent of the college girls are working girls; the rest are working men.

He—"Where is my fraternity pin?"
She—"On my chiffonier."
He—"Well, take it off before you send it to the laundry."

Which makes you wonder if a bunch of co-eds could talk even for an hour without mentioning fraternities or men.

We are of the opinion that girls' baseball should be popular. It's such a striking affair.

It's true, the girls don't hit very well, but then their talking makes the pastime a high sounding game.

We know a girl who's so dumb she keeps cuspidors around her house because she has a Spitz dog.

She even calls her fellow "Maple Syrup," because he's such a refined sap.

But what more could you expect of her—she was only a drygoods man's daughter, and she sure had her notions.

The gentle rain from Heaven falleth on the rich and poor alike, 'tis said—but the poor haven't any slickers.

"My curiosity is running away with me," he murmured, as his Ford rattled across the campus.

Father (reading letter from son)—
"I'm quarter back of the football squad now."

Mother—"Oh, better send him the two bits to get out of debt."

Here are the ashes of Mary O'Roule.
She went to sleep in the swimming pool.

Marion Hobbs, Alice Downing, Jane Chapple, Pauline Keil, Helen Elliott, Marion Davis, Evelyn McCarthy and Olive Nash were Sunday dinner guests at North hall.

William Martin, ex-'26, left for his home in Pony after visiting track week in Missoula.

Katherine Graves of Polson was a track meet guest of Lois Miller at the Alpha Phi house.

camera by a stranger, which was to be delivered to a Chinese merchant in lower New York. The camera, although an ordinary looking piece of machinery, contained priceless jewels from the Orient, and federal officers were searching for the smuggler. Thinking he could clean his hands of the affair, Laban checked the camera at the parcel post room of the New York union depot, and mailed the check to the Chin. But soon he discovered he had checked his own camera and still possessed the jewels.

Seeking a hotel, he was picked up by a woman and taken to the Colbridge, where he was immediately suspected and shadowed. A letter addressed to him containing a warning about the jewels and saying "they would be called for that evening," was handed him by the manager.

Taking the fake camera to his room on seventh floor, he deposited the jewels in a bed post. A girl mysteriously slipped into his room seeking protection. She carried a pouch of stolen jewels which she handed to Laban, thinking he was also a member of the underworld. He deposited these with the first find.

Escaping from the hotel, he was shadowed through Chinatown and finally brought before the Yellow skin to whom the camera had been assigned. He again escaped and was led by a woman to a river, where he boarded a launch, only to find himself once more in the company of smugglers and led to a government store house.

Like all true romance heroes, he made his get away and was quietly eating a sixth order of flap jacks, when approached by a federal officer and a New York paper reporter. There he told his whole sad story; a life time adventure crowded into the lapse of six hours, experiences that only such heroes could endure.

Not to be outdone by any American, our young hero dashed to the dock and made a flying leap of ten feet to place himself safely aboard the Aleutiana.

Do You Know

THAT

KUOM, the University radio station, is one of the few college broadcast stations in the United States, entirely constructed by students in attendance at the school. The station has grown from a humble beginning in the work shop of the Physics department, where only occasional programs were broadcast, to an efficient powerful factor in the advertising of Montana, with three regular programs a week.

The power supply of the original transmitter was furnished by an ordinary light socket, coupled to the regular lighting current line. The transmitting power of the set was produced by two vacuum tubes a trifle larger than those used in the ordinary receiving set. The total output power was only one-fourth as large as that which is used in the average household electric lamp.

Power for the present set is furnished by two generators housed in the Masquer's work shop in Simpkins hall. These generators are capable of furnishing 2,000 volts, and either may be operated independently of the other in case of accident. The transmitting power of the set is produced by four vacuum tubes, each more than a foot long. The total output is about two-thirds of a horse power.

KUOM has been heard in most of the Atlantic coast states, as well as in all of the Pacific coast states. In past months the mail received by the station from American and Canadian radio fans has been heavier than that received by most of the departments of the University.

DELTA PSI KAPPA ELECTS OFFICERS FOR NEXT YEAR

Betty Peterson was elected president of Delta Psi Kappa, women's honorary physical education fraternity, at the meeting held Monday afternoon in the women's gym. Alice Lease was elected secretary and Sammie Graham treasurer. It was decided to give a swimming party for all of the majors in the department some time next week. Special details will be decided at a later date.

ULVESTAD AND LARSON WIN DOUBLES IN TOURNAMENT

Norvell Ulvestad and Steiner Larson won the doubles championship in the University horseshoe pitching contest by defeating Stocking and Huber in the championship contest by scores of 50 to 45 and 50 to 43.

Sixteen teams started in the contest, in which much interest was shown, with Ulvestad and Larson finally emerging victors.

The singles in the horseshoe tournament have been played to Shults and Marble, who have won all of their games and are now to play for the singles championship.

Reynolds Thomson of Dillon is visiting with Jack Dimond of South hall.

CALDWELL TO GO EAST

Elmer Caldwell, assistant in the Chemistry school, has been elected graduate assistant of Chemistry at the University of Wisconsin. He will start his work next fall and intend to continue his work toward a Ph.D. degree. Caldwell is a graduate of the Montana School of Mines at Butte.

WILMA - - - Regular Prices

When it's a rainy night—and with three crafty bridge players your luck is running wild—have a Camel!

WHEN the dark skies are pouring rain outside. And fickle fate deals you hands at bridge that you play with consummate skill—have a Camel!

For Camel is the silent partner that helps every deserving player win his game. Camels never hurt or tire the taste, never leave a trace of cigarette after-taste. Regardless of the gold you spend, you'll never get choicer tobaccos than those rolled into Camels.

So this evening as you ply your unerring skill, evoke then the mellowest fragrance that ever came from a cigarette.

Have a Camel!

Camels represent the utmost in cigarette quality. The choicest of Turkish and Domestic tobaccos are blended into Camels by master blenders and the finest of French cigarette paper is made especially for them. Into this one brand is concentrated all of the knowledge, all of the skill of the world's largest organization of expert tobacco men.

Our highest wish, if you do not yet know Camel quality, is that you try them. We invite you to compare Camels with any cigarette made at any price. R. J. REYNOLDS Tobacco Company

Communication

Editor of the Kaimin:

On behalf of the Interscholastic Committee, I want to thank, through the columns of the Kaimin, the Band, ROTC, Kaimin, Tanans, Bear Paws, Masquers and other similar organizations of students who through their unstinted and splendid support made the twenty-third Interscholastic Meet an unqualified success. Through such loyalty and support of their Alma Mater the students will make the slogan, "Montana University for Montana Students" come true.

Again I want to thank each and every one of the students of the State University who assisted in making the meet a success.

Very sincerely yours,
J. P. ROWE,
Chairman Interscholastic Committee.

REVIEWS of Books and Plays

Animal Tales of the Rockies.
A. B. Cunningham.
Abingdon Press. Price \$1.

In a neat little volume Mr. Cunningham has compiled six stories dealing with life of the wild animals in the Rocky Mountains. The most of the action is centered around the Pine Knot ranch, with which place Mr. Cunningham seems quite familiar.

The opening tale introduces a coyote and a big Airedale. It is simply told and smacks very much of the stuff Seton wrote on his first visits to one of the national parks.

In the second tale the Airedale encounters a weasel. The weasel es-

capades and an account of his life is given. The weasel leads a life of crime but in the end is carried off by a hawk.

Tale number three deals with a valiant puppy and his fight to protect a lamb against a marauding coyote. The fourth story deals with a cat family and the fifth with crows. The final episode tells of the strife of the grizzly bears.

The entire book is pleasing. The author knows his subject and relates from first hand observation and sticks to facts. He is sincere and a clear writer. For those interested in the lives of wild animals, usually an interesting topic, the book would provide several hours' amusement.

Albert B. Cunningham is now with the English department at Washington State College at Pullman, Washington.

FORT TEAM DEFEATS VARSITY RESERVES

Johnson Pitches Good Ball for Grizzly Seconds; Hodges Twins Score

Varsity second string baseball team lost to the Fort Missoula nine at the Fort Saturday by a 3-2 score, bobbles and loose pitching in the first three innings accounting for all the runs. In the latter innings both teams displayed a good brand of ball.

"Swede" Johnson took the rubber for the Varsity and allowed the opposition only six hits and one earned run while Jones of the Fort was tapped for nine hits and one run, the rest of the scores were made on errors.

Montana failed to score in their half of the first inning, Jones fanning two of the three that faced him. A single, base on balls and three errors gave the Fort two runs in their half of the first.

Second Squad Hits
The Varsity gathered two hits in the second but failed to score while a couple of two-baggers for the army gave them their last score. A double, a base on balls, a sacrifice fly and an error gave the University their two runs in the third inning. Both teams sighted up after the third inning, the Varsity getting only two men to third base during the rest of the game while the Fort was unable to advance a man beyond the keystone sack.

NOVICE TRACK MEET SET FOR SATURDAY

Freshmen and Upperclassmen Will Compete for Honors on Field; Anybody Eligible

University of Montana's first novice track meet will be staged Saturday, May 22. Freshmen and upperclassmen who are not on the Varsity squad or former Varsity squad men are eligible to compete in the meet.

Freshmen who comply with the standards of excellence in the various events will be awarded a numeral sweater. Sophomores and upperclassmen who comply with these standards will be awarded medals. Contestants do not necessarily need to win an event to qualify for a sweater or a medal; nor does the winning of an event entitle the winner to an award unless he makes the set standard in that event.

Stewart to Give Cup
Coach J. W. Stewart will give a silver cup to the contestant who turns in the most outstanding performance. The meet will consist of the following events: 100-yard dash, 220-yard dash, 440-yard dash, 880-yard run, mile, 120 high hurdles, 220 low hurdles, pole vault, high jump, broad jump, shot put, discus throw and javelin.

It is hoped that a large number of men turn out for this meet. If a fair performer in any certain event, there is a chance for a freshman to earn a numeral or an upperclassman to win a medal. Seventy or eighty men are expected to turn out, according to Harry Adams, director of intra-mural athletics.

SPORTY-VENTS

The victors arrived this morning, greeted by a mighty appreciative little band of students. Everyone was eager to see how badly Sweet was hurt and much to the crowd's satisfaction he walked down the platform without limping too badly.

Little Arnie hardly reached the platform when he was surrounded. The holder of two conference records, made during the same afternoon, smilingly accepted all the congratulations and then started for his Alma Mater.

Some of the trainers who worked on Russ declared that he is the best they have seen in the country of sun-kist things since the time that Paddock was going to school.

As Gillette passed one of California's native sons in the two-mile he whispered, "Nice weather for ducks, eh?" To which his rival shouted, "Go ahead and take 'er, kid."

This little Grizzly distance man passed Devine so fast that it looked like the Cougar was going backwards. Then he breezed past the big, powerful Ramsey of Washington to set a new conference record that will be shot at for a long time.

The boys who returned this morning say that Barber runs a beautiful, smooth race, but doesn't have any extra speed to throw in near the tape.

Coach Stewart was one of the happiest men in California when his diminutive distance man altogether unexpectedly slashed the record in the two-mile and Arnie could have had the entire stadium had he wanted it. But Jim was also one of the saddest men in the throng that same afternoon and that was when his big blonde speedster dropped to the cinders with a pulled muscle while he was on his way for a cinch record in the furlong.

After spending an hour picking out a pole at a sporting goods store, Coyle had the misfortune to break his prize stick while warming up. In the 220 Clarence was set a yard and then finished fourth in his heat, the three men ahead of him qualifying for the finals.

Captain Ritter was in company that was too fast for him. The black-haired Grizzly quarter-miler says that he was running along nicely until near the end when all of his stuff failed him.

As far as the making of history is concerned, both the baseball and track teams succeeded on their western jaunts. In the six conference tilts already played the ball club hasn't won a game. Sloppy fielding and weak hitting lost the Washington State series, and failure to clout the pellet gave Idaho her pair of wins over the Grizzlies. In the four conference road games Montana has scored 12 runs to 38 for her opponents. The Grizzlies have gathered 20 blows while their opponents have amassed 52 safeties and they have made 12 errors to 8 for their foes.

Idaho now has five victories and one defeat to her credit, leading this division of the conference. Washington is far in the lead in the western division.

Challenge—We, the yearlings of this institution, do hereby challenge the sophomores to a ball game to be played Thursday afternoon.

Simple words—or any other kind—will not express our feeling of gratitude to Sweet and Gillette for their super-feats at Palo Alto last Saturday. A more capable pair of cinder men never wore the Copper, Silver and Gold.

Do you know that the big blonde speedster hasn't known what it is to have someone else break the string ahead of him in the century this year? Neither has the 118-pound distance man extraordinary known how it feels to have another man's spikes flashing in front of him at the end of a mile run this year.

On to Chicago with all the Grizzly trackers that we can possibly afford to send!

On the Campus

Marshall McConnell, '24, is now assistant city editor of the Yakima Republican in Washington.

Ralph Christie, '24, now coach at Hamilton high school, was a dinner guest at the Sigma Chi house Saturday.

Mrs. August Elge returned to her home in Helena Sunday evening after having passed the week visiting her daughter, Frances, at North hall.

Louise Madaren of Helena returned to her home Sunday evening after having visited for several days with Billie Kester at North hall.

Gilbert Baker, a former student at the University, returned to his home in Helena Sunday night after having visited friends on the campus during the interscholastic.

Margaret Johnson returned to Craig hall Sunday night from her home in Paradise, where she had visited since Thursday.

Janet Egernoll returned to the

University Sunday night from Helena where she had passed several days visiting friends.

The following were track week visitors in Missoula: Margaret Lemon, Isabell Abbott, Mr. and Mrs. E. J. Nash and daughter, Olive, Ruth Murray, Fred Ward, Gem Merkle, Del Lowary, Al Cordery, William Bertsche, Leland Kennedy, Arthur Ayers, James Collins, Jennings Mayland, Frank Burke, Harlan Page, Ed Lovell, Tom Lease, Jane Boone, Helen Elliott, Billy Burke Kilroy, Josephine Oxley, Fannie Maddie, LaNelle Neff, Jane Johnson, Robert Prescott, Lewellyn Calloway, Ted Stark, Margery Stark, Claire Linforth, Elizabeth Gow, Gene Siderfin, Rosemary Meagher, Martha Winchester, Virginia Phillips, Faye Hahn, Marion Hobbs, Elizabeth Matthews, Ardith Tell, Margaret Clark, Caroline Cochrane, Mora Carmichael, Eleanor MacArthur and Evelyn McCarthy.

Otis Baxter of Deer Lodge was a Sunday visitor in Missoula.

Tommy Meagher, ex-'26, of Butte is visiting at the Sigma Nu house.

ANNUAL TRACKMEET ENDS WITH AWARDS

(Continued from Page 1)

wanis cup, given by the Missoula Kiwanis club, was awarded to Missoula team for breaking and equalling the greatest number of records. This cup will also be permanently awarded in 1929, to go to the school which has broken or equalled the most records in five meets. Dvorak, Fisher and Jones, three Missoula men, broke one record and tied two others in the meet this year.

Billings Wins Cup
Two journalism cups, given by the Montana Press association, were awarded, one to the Kyote, Billings high school paper winning first prize in the Class A group of high school publications, and the other to the Stampede, Havre paper winning first in Class B.

A gold medal, given by Joseph M. Dixon, went to Loleta Jackson, Forsyth girl who won honors as the best individual debater. Books, provided by the Knowles estate in memory of Judge Hiram Knowles, were presented to winners of second, third and fourth places as individual debaters: Joseph Newton, Butte; William Negherbon, Butte; and Ruth Ogden, Augusta. The winner of the \$100 a year scholarship, offered by John M. Keith to one of the debaters participating in the final contest, selected by President Clapp, will be announced later.

Duncan Medal Presented
The Duncan gold medal, given by Judge Asa L. Duncan in memory of his son, Asa L. Duncan, Jr., winner of the contest in 1920, was given to Albert Erickson of Hamilton, winner of first place in the boys' serious declamatory contest. A silver medal offered by the University went to Henry Miller of Park county, winner of second place. Adolph Benjamin, Butte, received the University gold medal awarded the winner of the boys' humorous declamatory contest. Gold, silver and bronze medals were also presented to winners of first, second and third places respectively in the girls' serious declamatory contest. The winners are Gwendolyn Zoller of Roundup, Elliot Morgan of Anaconda and Leah Louise Hall of Culbertson. Similar medals went to winners of the first two places in the humorous section of the girls' declamatory contest, Alice Sweetman of Bainville and Ruth Gillespie of Grass Range. A gold medal, also given by the University, was presented to Inza McDowell, for the best essay written by a member of the graduating class of the accredited state high schools.

New Award Method Used
In awarding the medals to the athletes, the procedure this year differed somewhat from former times. The place winners were called upon the stage in the order of the number of points they gained for their various schools. The awards were a gold medal for first place; a silver for second; a bronze for third; a copper, silver and gold ribbon for fourth; and a blue ribbon for fifth.

The three high-point winners were called first. Georgovich of Butte, who totalled 14 points at the meet, was awarded a gold wrist watch in addition to the medals and ribbons. He was first in the broad jump, second in the 50-yard dash, third in the century, and fourth in the 220. Next to him came Nilsson of Anaconda, winner of 13 points for first in the 50-yard dash, and second in the 100 and 220; and Renn of Hamilton, with 12 points for first in the 220 and 440-yard dashes and fourth in the century.

All Winners Awarded Prizes
Those next in order were awarded medals and ribbons as follows: Fisher of Missoula, first in the 120-yard high hurdles, second in the 220 low hurdles; Harrington of Butte Central, first in the half-mile, second in the 440; Page of Granite county, first in the shot put, second in the discus throw; Petersno of Custer county, first in the discus, second in the shot put; Davis of Butte, first in the half-mile, second in the 440; Vanhoosen of Harlowton, second in both the half-mile, first race, and the 440, second race; Crisinger of Flathead county, second in the high jump, third in the 120 high hurdles; Dvorak of Missoula, second in the broad jump; third in the 220; Ostman of Florence-Carlton, second in the pole vault, third in the high jump; Moore of Granite county, first in the 100-yard dash, fifth in the 50; Higgins of Anaconda, first in the 440, second race; Jones of Missoula, third in the discus, fourth in the shot put; Stevingsen of Great Falls, first in the 220 low hurdles; Linville of Billings, first in the high jump; Parks of Missoula, first in the pole vault; Popple of Corvallis, first in the javelin throw; Watson of Helena, first in the mile run; Bond of Butte, third in the 880, second race, fifth in the mile; Brannon of Havre, second in the 880, second race; Greene of Havre, second in the mile; Mario of Missoula, second in the javelin; Priest of Park county, second in the 120 high hurdles; Ratchford of Flathead county, fourth in both the javelin throw and the 50-yard dash; Woodworth of Stevensville, fourth in the 440, fifth in the 220, and tie for fourth in the high jump; Bannak of Great Falls, third in the javelin; Chapman of Butte, third in the 220 low hurdles; Jacobson of Missoula,

third in the broad jump; McKinnon of Superior, third in the discus; Pruett of Whitefish, third in the pole vault; Rice of Whitefish, third in the 880, first race; Smart of Gallatin county, third in the 50; Yaeger of Flathead county, fourth in the half-mile and fifth in the 440; Britz of Harlowton, fourth in the high jump; Carter of Butte, fourth in the 120 high hurdles; Semingsen of Great Falls, fourth in the shot; Fullerton of Hamilton, fourth in the mile; Griffin of Billings, fourth in the 880; Putnam of Anaconda, fourth in the 440; Reese of Stevensville, fourth in the 220 low hurdles; Saunders of Park county, fourth in the broad jump; Maxson of Flathead county, a tie for fourth in the pole vault; Morris of Chouteau, fourth in the high jump; Barnes of Anaconda, fifth in the 220 low hurdles; Carey of Dawson county, fifth in the 880; Carpenter of Billings, fifth in the 120 high hurdles; Dobbins of Hamilton, broad jump; Gleason of Loyola, fifth in the 880; Lohengard of Columbia Falls, fifth in the discus; Milne of Great Falls, fifth in the century; Robinson of Butte, fifth in the 440; Rom of Klein, fifth in the shot; Sterling of Belfry, fifth in the javelin; Good of Loyola, Preston of Gallatin and Woolverton of Whitehall, tied for fifth in the high jump.

SWEET AND GILLETTE TAKE THREE FIRSTS

(Continued from Page 1)

llams, Washington State. Time, 4:21 7-10, setting a new conference record.

100-yard dash—Won by Sweet, Montana; second, Barber, California; third, Clark, Washington; fourth, Houser, U.S.C. Time, 9-10, setting new conference record.

440-yard dash—Won by Miller, Stanford; second, Storie, Stanford; third, Babcock, Stanford; fourth, Meyers, W.S.C. Time, 49 seconds flat, new conference record.

120-yard high hurdles—Won by Dye, U.S.C.; second, Reynolds, U.S.C.; third, West, Stanford; fourth, Regan, California. Time, 14 9-10 seconds. (Reynolds set a new conference record of 14 8-10 in his qualifying heat yesterday.)

Shot put—Won by Houser, U.S.C., 50 feet 7 1/2 inches, setting a new conference record; second, Hoffman, Stanford, 48 feet 8 1/2 inches; third, Gerkin, California, 48 feet 4 1/2 inches; fourth, H. Brix, Washington, 45 feet 7 1/2 inches.

Two-mile run—Won by Gillette, Montana; second, Ramsay, Washington; third, Divine, W.S.C.; fourth, Bell, O.A.C. Time, 9:30 4-10, new conference record.

Pole vault—Won by Barnes, U.S.C.; second, Ross, Stanford; third, Mann, W.S.C., and Hill, California, tied. Height, 13 feet 8 inches. New conference record.

880-yard run—Won by Richardson, Stanford; second, Charteris, Washington; third, Boyden, California; fourth, Niersbach, U.S.C. Time, 1:54 2-10, new conference record.

Javelin throw—Won by Harlow, Stanford, 201 feet 1 1/2 inches; new conference record; second, Shipkey, Stanford, 191 feet; third, Cook, U.S.C., 189 feet 2 inches; fourth, Spiedel, W.S.C., 185 feet 3 inches.

220-yard dash—Won by Barber, California; second, Clark, Washington; third, Smith, U.S.C.; fourth, Houser, U.S.C. Time, 22 seconds.

High jump—Won by King, Stanford, 6 feet 4 1/2 inches; second, Coggeshall, U.S.C., 6 feet 3 inches; third, Hampton, California, 6 feet 1 inch; tied for fourth, Work, Stanford; Eby, Oregon; Edes, Washington State, 5 feet 10 inches.

220-yard low hurdles—Won by Grumbles, U.S.C.; second, Meyers, W.S.C.; third, Enos, California; fourth, West, Stanford. Time, 24 7-10 seconds.

Broad jump—Won by Bondshu, California, 24 feet 2 1/2 inches, setting a new conference record; second, Meeks, Stanford, 24 feet; third, Flannigan, Oregon, 23 feet 10 7-8 inches; fourth, MacRae, Stanford, 23 feet 6 inches.

Discus throw—Won by Houser, U.S.C., 154 feet 6 1/2 inches, setting new conference record; second, Hoffman, Stanford, 141 feet 2 1/2 inches; third, Gerkin, California, 139 feet 5 1/2 inches; fourth, Dixon, O.A.C., 134 feet 10 inches.

Mile relay—Won by Stanford (Storie, Babcock, Richardson and Miller); second, U.S.C.; third, Washington; fourth, Oregon. Time, 3:17 6-10, new conference record.

ARTS AND SCIENCE WIN GAME FROM PHARMACISTS

Arts and Science ball team, composed mostly of Varsity second string men, won their first intra-mural game, defeating the Pharmacists in a closely fought contest by a 5 to 3 count.

Lefty Wohl and Hunter hurried for Arts while Lillief carried the pitching burden for Pill Rollers, fooling the opposition with his slow curves. The Pharmacists lead until the sixth inning, gathering two in the first, but the Arts rally in the late inning turned defeat into victory.

This made the second defeat for the Pharmacists and placed them out of the running for the championship. Pharmacy, 3; Arts and Science, 3.

Donald Watson is a patient at the Campus infirmary with the measles.
